25X1

MEMORANDUM FOR: Deputy Director of Central Intelligence

25X1

VIA:

Director, Intelligence Community Staff

15 SEP 1981

FROM:

Acting Chairman, Security Committee

SUBJECT:

PD/NSC-55

25X1

REFERENCE:

Assistant to the President for National Security Affairs  
memo (3860) to you dated 3 August 1981

1. Action Requested: That you sign the attached memorandum responding to Mr. Allen's request in reference for information on items considered by the former Committee on Compartmentation (COCOMP).

25X1

2. Background: You deferred action on a reply prepared for you on 11 August, and noted that you would answer by 14 September by which date you hoped action would have been taken on those items for which definitive action was intended.

25X1

3. Current Status: During the past 30 days action has been completed on four more items considered by the COCOMP. Action on the remaining five items is well along. One of them is an implementation matter--that of purchasing and bringing on line equipment for the 4C central registry of SCI accesses. Another one merely requires reflecting in the developing revision of DCID 1/19 the language on document control and accountability which will result from the new Executive Order on security classification to replace E. O. 12065. The Security Committee is well into revision of DCID 1/14 on SCI personnel security (having separated out for individual treatment proposed use of the polygraph) and of DCID 1/19 as an SCI security policy manual. The SIGINT Committee has completed a draft of Part I of the new SISR, which can be forwarded for policy approval when an issue on electronic warfare support measures is resolved.

4. Please note that we treat item 20 (nondisclosure agreements for SCI) in the attached status report as a completed action. This anticipates DCI approval of our recommendation to him on that subject in SECOM-D-205 dated 8 September 1981. That recommendation was prepared in accordance with your guidance. [redacted]

5. The attached proposed reply has been coordinated with [redacted] last chairman of the COCOMP. Items in the status report involving matters dealt with by the COMIREX and the SIGINT Committee have been coordinated with their staffs. [redacted]

25X1

6. Recommendation: That you review and sign the attached proposed letter. [redacted]
